

Home Page

Programing Inputs  
Hold down arrow for 3 beeps

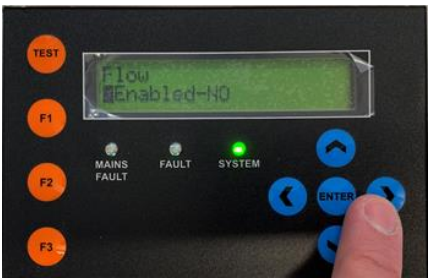

Hold right arrow for 3 beeps

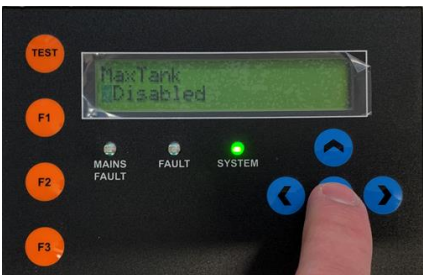

Hold both left and right arrows down until view turns to enter. This will take slightly longer just keep holding arrows down

Press enter once to be able to adjust inputs

Scroll down through the input and unless you are using multiple inputs use the left and right arrows to change all inputs to 'disabled' except 'Flow' which should be 'Enabled-NO'

Finally hold enter for 3 beeps to save changes. Turn the key off and on to return to home page.
